EXPERIENCE

Peerless, Lagos, Nigera — *Software Engineer*

JAN 2024- PRESENT

•Built dependable frontend systems for SeaBaaS, the key banking infrastructure that powers Sterling Bank in Nigeria which, in its first year of operation, processed over 2 billion transactions with no downtime.
•Developed and maintained essential modules for workflows related to customer operations, branch administration, product setup, investments, and transaction support.
•Own important front-end features of Mizan, Peerless' ethical core banking product, such as branch management, form configuration, and customer management.

Concept Nova, Lagos, Nigeria — *Frontend Developer*

SEPT 2023 - MARCH 2026

•Oversaw the front-end development of Rosabon's wealth management web application and mobile app, which has received over 10,000 Play Store downloads.
•Developed a lucky draw application for customer lottery programs, creating a more engaging digital experience.
•Supported frontend delivery across multiple business platforms, including GreenerPlaces, TCG, and Rosabon's corporate websites.

Octosoft Technologies, Lagos, Nigeria — *React Developer*

MAY 2022 - SEPT 2023

Worked on Octodoc Web, an EMR and Health Information System used by healthcare providers to manage patient records, appointments, and daily clinical operations.
•Built the appointment scheduling flow, making it easier for patients to book sessions with doctors and other healthcare professionals.
•Improved key areas of the Octodoc mobile app, which has over 10,000 Play Store downloads, with major work on the authentication flow and HMO plan purchase experience.
